April 6, 2021

During the Covid-19 crisis, we are doing everything we can to protect our workers, their families and First Nation communities who may have increased vulnerabilities due to systemic barriers related to health and wellness.

We are completing fieldwork on a case-by-case basis and are following strict protocols when it is deemed low-risk.

Our office is closed to the public. We continue to work on your important projects both from our downtown office and from our home offices. We are making every effort to flatten the curve and support our health care workers and elders by self-isolating as much as possible.

We are still taking your calls and responding to emails and continuing our efforts to conserve, protect, and learn about the valuable archaeological heritage of BC.

Thank you,

Aquilla Archaeology
